Don't forget to occasionally check out the photo gallery on the front page of our website since we post new pictures whenever we receive them. Speaking of pictures, please take photos of your events, meetings, speakers, etc. so that our photo gallery stays current. Many groups are having holiday parties in December. Remember to snap a photo, send to me and then check out the photo gallery to see yourself on the internet.

It is a pleasure to share all that is happening in Caring Neighbors with you each month. The Caring Neighbors Executive Board works tirelessly to improve our program and address all suggestions and concerns that are brought forth.

I am happy to announce one of the Executive Board's newest endeavors. It is a pilot program right now in four Villages (Virginia Trace, Mallory Square, Citrus Grove and Hadley).

Natalie Skadra, a volunteer in Virginia Trace has created a tracking system to calculate our volunteer hours. It is easy to use and simplifies the process of collecting data from all our volunteers while reducing the possibility of error. Brian Holdsworth also volunteered to help with this project. More on this in 2026.
